India's No.1 Manufacturer of Entrance Automation Machines

ABOUT US

At Mosfi, we are proud to be a leading Manufacturer, Importer, Distributor, and Service Provider specializing in security and automation products since 2013. With a strong presence in the global market for years, our reputation is built on innovative solutions, uncompromising quality, and outstanding customer support.

Empowering "Make in India": We are committed to producing good quality products under the renowned Mosfi brand.

Delivering Long-term Value: We aim to provide reliable and sustainable solutions by offering original spares for up to 10 years for selected models, ensuring the longevity of our products.

Expanding Market Presence: With a network of support across major cities in India, we ensure that quality security solutions are always within reach, wherever they're needed.

Our vision is to be a performance-driven organization that thrives on innovation and customer satisfaction. We are committed to upholding unparalleled service standards, offering exceptional support and technical expertise. By continuously developing a comprehensive portfolio of products, we aim to meet the growing demands of the market and deliver value-added solutions to our clients.

Comprehensive Product Range: We offer a wide array of security and automation solutions to meet diverse needs.

Unmatched After-Sales Service: Our after-sales support and backup services are among the best in the industry, ensuring complete customer satisfaction.

Trusted by Prestigious Clients: Our association with some of India's most respected organizations, including Ram Mandir Ayodhya, Contra Vista, Indian Army, Navy, Air Force, BARC, BEL, Adani, Samsung, I&T, Yashobhumi, and many more, attests to the trust and credibility we've earned over the years.

Technical Specification Tetra Turnstile

Model	Tetra Turnstile
Passage Width	550MM
Operating Direction	1SEC
Material	SS 304
Arm Turn Degree	90 DEG
Paint	SS Brush Polish
Length of arm	520mm
Operating Direction	Unidirectional
Passage Speed	20 Person/MIN
Body Dimension	1500*280*980mm
Mother Board	MICRO CONTROLLER
Working Current	2000Ma
Power Voltage	AC12V/AC18V
Input Signal	Open Signal 12v Pules>100ms
Power Consumption	20W
Anti Crash Center	INBUILT
Anti Coagulation Sensor	INBUILT
Communication Port	TCP/IP
IP Protection	IP43
Operation Condition	-15 C~60 C
Humidity	95%
Operation Through	Switches/ all access system/manual

Our Other Product
